

V SINDHU

Computer Science and Engineering (Data Science) Student

☎ 8861908226 | ✉ sindhuv2604@gmail.com | 🐙 GitHub | 🔗 LinkedIn

PROFESSIONAL SUMMARY

Computer Science and Engineering (Data Science) student with a strong foundation in C and Python, and hands-on experience in developing academic projects. Familiar with object-oriented programming, problem solving, and basic data analysis. Interested in applying technical skills to real-world projects and continuously learning new technologies.

EDUCATION

Ballari Institute of Technology and Management (BITM) **2025 – 2029**
B.E. in Computer Science and Engineering (Data Science)
Semester Performance: 8.8 CGPA

TECHNICAL SKILLS

Programming: C, Python

Concepts: Object-Oriented Programming, Problem Solving, Basic Data Analysis

Tools: Git, GitHub

PROJECTS

Bank Management System – Python, OOP

- Developed a Python-based application for managing basic banking operations.
- Applied object-oriented programming concepts including classes, inheritance, encapsulation, and polymorphism.

Patient Records System – C

- Developed a C-based system for maintaining and managing patient records.
- Implemented patient information storage and basic record-management operations.

Student Wellness and Performance Analyzer – Python

- Developed a project focused on analyzing student wellness and academic performance.
- Applied programming and basic data-analysis concepts to organize and analyze student-related information.

CERTIFICATIONS & ACTIVITIES

Hackathon Participant

- Participated in a hackathon and collaborated with a team on a technology-based problem-solving project.

RELEVANT COURSEWORK

Python Programming, Object-Oriented Programming, Data Structures, Database Fundamentals, Basic Data Analysis

ACHIEVEMENTS

- Participated in a hackathon and contributed to a collaborative technology project.
